WHERE?

University of Southern
California campus, in the new,
state-of-the art
Annenberg School for
Communication & Journalism,
Los Angeles

HOW?

Through a rich, immersive learning
experience featuring in-depth
explorations into five key soft skills,
hands-on exercises, case studies,
group problem-solving sessions and
unique USC experiences

WHAT?

A two-and-a-half day, highly
interactive leadership development
program to help you master the
critical soft skills needed in today's
competitive workplace and take your
career to the next level

WHO?

The Third Space Boot Camp is
designed for high performers with 5
to 10 years' experience in
corporations, non-profits and
government with existing roles in
communications, human resources,
strategic planning, finance,
marketing, legal and technology

KEY BENEFITS

- Gain the skills you need to succeed in today's communication-at-the-center world
- Uncover personal insights into your current proficiency on five critical soft skills: Adaptability, Cultural Competency, Empathy, Intellectual Curiosity and 360-Degree Thinking
- Become a more effective problem-solver to help break down organizational barriers, unlock innovation and drive increased collaboration
- Connect to a community of like-minded Third Space Thinkers
- Experience a positive impact on your career, your relationships and your life

"I think the Third Space Boot Camp is essential for younger executives, someone early to the middle of their careers, who are looking to accelerate and develop their leadership potential."

IMPROVE YOUR CRITICAL SOFT SKILLS AT THE NEXT THIRD SPACE BOOT CAMP

CRITICAL COMPETENCIES

The Center has identified five key competencies or soft skills required for professional success that are in high demand, but in short supply, including Adaptability, Cultural Competency, Empathy, Intellectual curiosity and 360-Degree Thinking

Adaptability

Cultural Competency

Empathy

Intellectual Curiosity

360 Degree Thinking

THIRD SPACE ASSESSMENT

Participants will discover personal insights into their own proficiency on the five core competencies through our Third Space Thinking Assessment (TSTA). The assessment is exclusively available to participants at the Boot Camp.

THIRD SPACE APP

Participants will receive a new mobile app that will allow them to more effectively solve problems through the lens of the five competencies and connect them with a community of Third Space Thinkers.

THE BOOT CAMP EXPERIENCE

During our last Boot Camp, a total of 25 participants from a diverse set of organizations attended the two-day camp, including IBM, Google, AECOM, United Airlines, Western Union, Edison International, Quest Diagnostics, the Annenberg Foundation and others. The Boot Camp was an overwhelming success with 90 percent of the participants rating the overall experience as excellent or good. A complete rundown on the first Boot Camp can be found [here](#).
